

smartmusic®

Dear Parents,

The software program SmartMusic® will be used this year as part of our curriculum, and I recommend that all students purchase a subscription. SmartMusic helps students receive, practice, and submit their school music assignments from home. Students practice with professional accompaniment, making practicing fun and more productive. SmartMusic includes built-in assessment features which provide your child with immediate feedback on their performance and motivates continued improvement.

We recommend watching the SmartMusic parent video

The best way to understand SmartMusic and how it benefits your student is to see it in action. We recommend you watch a short, four-minute video that will help you understand why we are recommending SmartMusic. Access this video on the Internet at www.smartmusic.com.

What is needed to use SmartMusic?

SmartMusic works on your PC or Mac and requires an Internet connection to activate your subscription and receive assignments on-line. We suggest that you order a SmartMusic microphone even if you already own a computer microphone as the SmartMusic microphone has been tested to ensure the best results with the software. System requirements and support contacts are listed at www.smartmusic.com/support.

What is the cost?

We have secured special pricing for our students that provides discounts off the regular one-year subscription price of \$30 and the microphone price of \$19.95.

Instructions for ordering SmartMusic

1. Visit www.smartmusic.com and follow the on-screen instructions to order your subscription, microphone, and free installation disc. Your discount will be applied after you select your child's school. (Shipping costs apply.)
2. When you receive SmartMusic at home, install SmartMusic with the installation disc and launch the program.
3. You will be prompted to activate your subscription using your child's e-mail address and password that you created while ordering.

SmartMusic questions? Contact Technical Support online at www.smartmusic.com/support or by calling toll-free 866.240.4041 weekdays from 8:30 a.m. - 8:00 p.m. (CST).
